South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by continuing to provide high quality professional development for teachers and staff focusing on improving student achievement, collaboration and teamwork, critical thinking and problem solving through project based learning and a STEAM (Science, Technology, Engineering, Arts and Math) focused curriculum. During the 2014-2015 school year, Lady's Island Middle School became the first nationally accredited STEM middle school by AdvancEd. In addition, through the Arts In Basic Curriculum (ABC) Grant awarded by the South Carolina Arts Commission, Lady's Island Middle School has been recognized as an Arts Infused school. Lady's Island Middle School is currently in our sixth year of STEM/STEAM instruction. With this instruction, teachers have collaborated to implement processes in teaching targeted skills for each student. As a result of differentiating instruction, Lady's Island Middle School inducted eighteen Junior Scholars as well as ten members into the National Junior Honor Society. To further meet the needs of all students, Lady's Island Middle School implemented a school-wide forty-minute daily block Response to Intervention/Instruction and Enrichment. Students who were identified as tier two or three by the universal screener MAP, Measures of Academic Progress, received additional small group instruction in ELA and Math. Students identified as tier one received enrichment activities through their choice of various service clubs. All students participated in enrichment activities on Fridays. Data from MAP tests are used to assist students, faculty and parents noting areas of progress, identifying student academic needs and providing professional development for teachers to meet students academic needs. Within each content area, teachers and students focus on utilizing a disciplined approach to problem solving and collaboration. Students, staff and parents continued to Practice Intelligent Behavior with our Cougar Matrix of Intelligent Behaviors along with Habits of Mind. The Cougar Matrix was posted throughout the school and clearly defined the behavioral expectations of our community of learners. Cougars are Compassionate, Open-Minded, Understanding, Global, Accountable, Respectful and practice Self-Control. Because we cannot do anything alone, our efforts to build home and school relationships involved the following: MAP Nights, Gentlemen's Club, Ladies Club, Junior Leadership, Relay for Life, Family Literacy and Math Nights, Cougar Cafe with parents and community members, PBIS, Recycling Club, It's Your Game, Coastal Connection Art Show, Strategic planning with feeder schools, website and utilization of School Messenger. In addition to academic success, Lady's Island Middle School athletes added to their trophy case this year. All sports teams made the playoffs and boy's track finished second in the district championships. We even had three wrestlers qualify for competition at the high school. The staff, students, and parents of the Lady's
